

# THE LATTICE INN<sub>SIDER</sub>

VOLUME 2, NUMBER 2—FEBRUARY 2010

## February Lovers Deal Extended

Still haven't found time to sneak away for a couple of days with that someone special in your life? Well, you're in luck! Our February Lovers Deal has been extended through March 31st, provided reservations are made before March 1st.

For each year in which you've been in your relationship, take a 1% discount off of your room rate, up to a maximum of 50%! This special lodging offer is our way of affirming the value of long-term relationships.

And in appreciation for all who choose to lodge here otherwise, enjoy a 15% discount off our regular room rate during your birthday month. Birthday and Lovers specials are not combinable with any other offer and some restrictions apply. A two night minimum stay is required.

Contact the Innkeeper to book a Birthday or Lovers stay.

## Another Capri Filmmaker at The Lattice Inn

The Lattice Inn is privileged to partner with the Capri Theatre to host their visiting artists on the Southern Circuit of Independent Filmmakers. Our March filmmaker guest will be Zack Godshall. His film, "God's Architects", will play one night only, March 22nd, at the Capri Theatre.

Visit the Capri's website at: [www.capritheatre.org](http://www.capritheatre.org) for more information on the series and the eclectic line-up of wonderful films that are on the schedule for the next few months.

## Daycation Bookings Now Being Accepted

Starting May 1st, neighborhood families and friends can enjoy the salt water pool, hot tub, and sun decks here at The Lattice Inn. For just \$50 (plus applicable taxes), a group of four people can book a four hour romp in The Inn's pool,

with up to two additional hours at only \$15 each. Additional people can be added to the group for just \$15 each (maximum of 6 total). Minors must be accompanied by at least one adult.

Adult only *Daycation* bookings are also available for late afternoon and early evening enjoyment of the pool, hot tub, and decks. For more information, go to: [www.thelatticeinn.com/daycation.pdf](http://www.thelatticeinn.com/daycation.pdf).

## Join The Lattice Inn on Facebook

Our presence on Facebook has attracted more than 100 fans and more are showing up each day. Check us out on Facebook—just our way of staying in touch with our friends and guests in an environment where we can be more agile in sharing information about what is going on here at The Lattice Inn.

One of the latest additions to our page is a series of photo-

graphs of the antics of Terrence and Phillip.

## A Few Cold Days

The chilly sub-freezing temperatures we've had this year remind me of my many years in Chicago. When asked how I could stand the winters there, I'd often reply that one is inspired to find interesting ways to stay warm.

The recent snow was spectacular, as the photograph above depicts. There are also shots of the snow on our Facebook page.

March is the time that we blow the landscaping budget with a host of annuals going into the ground and planters after the last chance for a frost. Within a few weeks, the garden areas will begin to explode with blooms. Come check it out!
